EXPERIENCE

Years **23+**

Web Applications Developer

Ejtemaat Knowledge Network LLC

6+
YEARS

Mar 2018 - *Continue* Business Bay, Dubai, United Arab Emirates

My duties involve developing diverse applications for upcoming events, workshops, and seminars, assessing training needs for individuals and groups, and planning, preparing, and researching innovative ideas for future events.

Full Stack Web Developer (Part time)

Ylaa dot com (ylaa.com) commercial brokers LLC

2.5
YEARS

Mar 2019 - Oct 2021 Business Bay, Dubai, United Arab Emirates

Initiated projects from scratch, developed the dynamic Ads submission system, created the Ylaa Wallet, integrated payment gateways, and implemented a fully integrated admin console for approving Ads on the Ylaa.com website.

Web Developer (Remote)

IT Company - itcompany.com.au

4
YEARS

Oct 2014 - Dec 2018

Sydney, Australia

Remotely collaborated on diverse projects, spanning websites and applications. Specialized in API integration to seamlessly incorporate with existing systems. Additionally, adept at integrating SMS APIs into both existing and new websites.

Web Developer

Creative ON

3.5
YEARS

Apr 2011 - Sep 2014

Township, Lahore, Pakistan

I crafted numerous small websites and contributed to various large-scale projects, both static and dynamic. Additionally, I engaged in backend development utilizing diverse scripting languages such as ASP Classic and PHP.

IT Manager & Developer

Hazrat Karmanwala College (Rgd.)

3.5
YEARS

Sep 2007 - Mar 2011

Hazrat Karmanwala, Okara, Pakistan

I was tasked with delivering engaging lectures that fostered robust discussions on cutting-edge technologies, including Artificial Intelligence, complex coding, programming, algorithms, and data structures and design.
